

## TECHNICAL DATA SHEET

### NASA Rusto Nil RN 100

## SECTION 1: Product Description & Advantages

### 1.1 Product Description

**NASA Rusto-Nil RN-100 Spray** is a multipurpose special spray for homes, automotive, marine, arms and ammunition, as well as for industrial use. It displaces water, protects against rust and corrosion, and loosens rusted parts. It corrects engine starting problems due to moisture or water, especially in the rainy season, as it removes water and moisture from spark plugs and other electric and electronic parts. It also frees sticky and jammed mechanisms of doors, locks, machines, computers, sanitary fittings, and more. It does not have toxic fumes or acids, and is suitable for the metals.

### 1.2 Precaution of Using Rusto-Nil

1. The contents are highly inflammable and under pressure.
2. Keep away from heat and flame.
3. Store below 45°C.
4. Do not puncture, or incinerate the can.
5. Turn off the engine switch before use.

## SECTION 2: Typical Data

Property	Result
Composition	Blend of aromatic, aliphatic hydrocarbons and especial additive
Appearance	Transparent
Specific Gravity at 25 °C	0.825
Moisture	Nil
pH	6.5
Spray Flow, Per Second	0.5-0.3 gram
Vapour Pressure at 20 °C	NA
